## Specialist Services

### SUBBASE LAYING

*Wills Bros Ltd., were the first Irish Contractor to equip their grader fleet with ATS Blade control systems for accurate and efficient laying of subbase and capping layers. In addition to carrying out this work on our own contracts we also carry out this work on a subcontract basis for other main contractors. Previous subcontracts include:*

- N4/N6 Kinnegad to Kilcock Motorway (13km)
- M50 Upgrade Scheme (8km)
- M3 Clonee to Kells Motorway (34km)
- Omagh Link Road (5km)
- Mosstown Bridge and approaches (1km)
